May Event Review

- Dry first heat, rain during second heat
- Began at 9:32am, wrapped up at 1:55pm
- Switchovers could be a little quicker, but it's fine as is.
- Event efficiency went really well, even with the rain
- Corey's course. No complaints or course issues after course was tweaked in the morning.
- Decent number of no shows. 130 registered, 20 no shows.
 - Due to no shows heats became unbalanced. Heat two was the largest heat. Ended up being 30 minutes longer than first heat. Heat three was small.

June Event Planning

- Rain in the forecast.
- Zack Barnes has been running at GSS a lot lately in the rain with BMW/Porsche. He is going to work on a course design for this weekend.
- Saturday setup
 - Corey Phillips, Ricardo Barnes, Chris Humphries, Brett Schultz, Robert Horton
- Food truck and restrooms are confirmed
- 110 currently registered, so we are going to plan for 3 heats. Will stick with 3 heats if we can stay above 100.
- We will begin putting water on corners this event.

COVID Rule Update

- SCCA rules saying if you are vaccinated you no longer need to wear a mask. We will be following their guidance. If you are in the timing truck you are encouraged to wear a mask.
- In car instruction is allowed if the instructor and student are comfortable
- Spectators that are not guests of SCCA members are now allowed

Miscellaneous

- We received our new loaner helmets. However, there was an issue with the order and we did not receive any size M helmets. We would like to sell four larges and use that money to buy four Mediums.
- HPA is open and ready to host events again. We will begin looking at dates for the end of 2021 and the beginning of 2022.
